

FIRST® Robotics Info Nights

FOR INSPIRATION & RECOGNITION OF SCIENCE & TECHNOLOGY

Are you or your kids interested in Robots?

FIRST programs excite kids about science and technology and inspire them to embrace learning in a hands-on and investigative way, and in the process encourages them to practice “Gracious Professionalism® and Coopertition®”.

What’s that? Come find out!

Technical and Non-Technical Volunteer Opportunities Available as Well

Thursday Night, July 12, 2018
Long Island Lutheran High School
131 Brookville Road
Brookville, NY 11545
516-626-1700
Time: 7:00 PM

Tuesday Night, August 21, 2018
Hauppauge High School
500 Lincoln Boulevard
Hauppauge, NY 11788
631-761-8302
Time: 7:00 PM

School-Business Partnerships of Long Island will present the full progression of FIRST programs for students from ages 6 through 18:

Participants can learn how to start teams (please note we are unable to place students on existing teams), network with others who would like to do the same, and learn about the resources available to assist them. Teams can be home, school, and community based—all are welcome! Potential Volunteers can learn about opportunities to participate at events for the four programs.

Admission is free, however this program is for adults as opposed to students. If you know of any parents, teachers, administrators, leaders of community organizations, or anyone else who would like to learn more about FIRST programs and/or volunteer on Long Island, please feel free to invite them.

For more information please visit firstlongisland.org, firstinspires.org, email info@sbpli.org, or call 631-627-8400
