

Presented by School-Business Partnerships of Long Island, Inc.

FIRST® Robotics Info Night

FOR INSPIRATION & RECOGNITION OF SCIENCE & TECHNOLOGY

FIRST programs excite kids about science and technology and inspire them to embrace learning in a hands-on and investigative way, and in the process encourages them to practice “Gracious Professionalism® and Coopertition®”. What’s that? Come find out!

When: Tuesday night, July 18, 2017

Where: Plainview-Old Bethpage Public Library

999 Old Country Road

Plainview, New York 11803

516-938-0077

Time: 7:00 PM

SBPLI will present the full progression of *FIRST* programs for students from ages 6 through 18:

Participants can learn how to start teams (please note we are unable to place students on existing teams), network with others who would like to do the same, and learn about the resources available to assist them. Teams can be home, school, and community based—all are welcome!

Admission is free, however this program is for adults as opposed to students. If you know of any parents, teachers, administrators, leaders of community organizations, or anyone else who would like to learn more about *FIRST* programs on Long Island, please feel free to invite them.
