### **Briscoe secures credit to expand**

Briscoe Protective Systems Inc. of Centereach said yesterday it had obtained a line of credit from Suffolk County National Bank to finance the acquisitions of other companies to expand its business. The amount of the "multimillion-dollar" line of credit with the Riverhead-based bank was not specified. The 35-year-old Briscoe designs, distributes and services fire and security alarm systems. It has 46 employees. Company president Bob Williams declined to name the two companies he plans to acquire, citing confidentiality agreements.
