## Walk to raise funds to fight Alzheimer's

The Alzheimer's disease Resource Center, a Bay Shore nonprofit, hopes to raise \$50,000 during its third annual walk along the waterfront in downtown Riverhead tomorrow.

The organization provides support and services to families caring from Alzheimer's patients on Long Island.

Registration begins at 8:30 a.m. at the Sea Star Banquet Hall on Main Street in Riverhead. Opening ceremonies start at 10 and the walk starts at 11.

Those who raise \$100 or more can enjoy a clambake, a buffet lunch and access to the Long Island Aquarium and Exhibition Center.

Last year, 220 people, including 18 teams, raised more than \$30,000, the organization said.
