EKAL VIDYALAYA THE FUTURE OF INDIA GALA

PRMG managed the marketing efforts for The Future of India Gala in 2018 and 2019. The gala is a fundraising event to help the non-profit organization Ekal Vidyalaya on their mission to bring basic education to children across rural India. PRMG helped to kick off the campaign by establishing a brand for the event that would carry through all pieces, including invitations, email blasts, a landing page where people can purchase tickets or sponsorship opportunities, print ads, table cards, event signage, and more. We also created the gala journal, which featured an overview of the foundation, event information, and advertisements from several sponsors.
